

## RECREATIONAL SERIES

### TAKING FUN WHEREVER YOU GO

Perfect for any season, the Recreational series trailers are able to bring you to the fun. Snowmobiles in the winter and quads in the summer, these trailers can handle both with ease. Standard features such as side stake pockets complete with rub rails allow easy load securement at nearly any point along the trailer. Underneath the 3500 lb axle(s) 15" radial tires ensure that these trailers can handle the highway or back roads and keep on rolling. If adventure and leisure is what you want, these trailers will get you there and back quickly, easily and safely.
